No more than one (1) bid from any Bidder, including its subsidiaries, affiliated companies and franchisees will be considered by the County. In the event multiple bids are submitted in violation of this provision, the County will have the right to determine which bid will be considered, or at its sole option, reject all such multiple bids.

4.7 Withdrawal

Bids may be withdrawn through the BidNet Direct System prior to the bid deadline indicated on the cover page of this IFB. No bid may be withdrawn after the deadline for submission.

Each bid that is timely received will be evaluated on its merit and completeness of all requested information. In preparing bid responses, Bidders are advised to rely only upon the contents of this IFB and accompanying documents and any written clarifications or addenda issued by the County. If a Bidder finds a discrepancy, error, or omission in the bid package, or requires any written addendum thereto, the Bidder is requested to notify the Procurement Contact noted on the cover of this IFB, so that written clarification may be sent to all prospective Bidders. The County is not responsible for oral representations. All questions must be submitted in writing to the Procurement Contact only before the Question Deadline indicated on the cover page of this document. All answers will be issued in the form of a written addendum.

5.3.3 Price Stability Guarantee

For the first twelve months of the Agreement, Contractor must guarantee to provide the goods/services at the rates outlined in the bid submission.

Grainger would like to refer the County to the Grainger product pricing pages and the Grainger track changes redlined version of the RFP for proposed changes to the Price Stability terms. Due to confidentiality requirements in Grainger's supplier agreements, Grainger cannot provide its supplier's costs in the event of a price increase. Thank you for your consideration of our proposal.

Grainger Attachment 5.5(a)

Note: excerpted bid terms are in black text. Grainger's clarifications are in blue and red.

1.15 Cooperative Contract: Grainger has 2 proposed clarifying additions to this section. Please see excerpted section with the additions in red below:

Administrative Fees

An administrative fee of 1.5% will be collected on a quarterly basis. The fee will be calculated against the quarterly sales volume for all purchases made under this agreement minus any credits, taxes, freight fees and returns. A request for Quarterly Sales Reports will be sent out from M.A.C. (Michigan Associations of Counties). M.A.C. is the CoPro+ consortium administrator.

All administrative fees collected under the CoPro+ consortium will be distributed between M.A.C., Wayne County and CoPro+ members that place a sales order against the Master Agreement.

Cooperative Member Contract Administration:

Contractor will work with other State Eligible Public Agencies through the Collaborative Procurement Plus program process but can only enter into an affiliated contract relationship with other Eligible Public Agency's that are not currently contractually participating with Contractor. Additionally, we look forward to the opportunity to work with Wayne County in developing an affiliation process for this program, a requirement that must be satisfied prior to affiliating any Eligible Public Entity.

3.2 Specifications/Scope of Work: Please see below.

- **Subsection E. Free On Board (F.O.B) - Delivered/Destination (Required)**
Prices shall be quoted "F.O.B. Delivered/Destination" to each Customer with transportation charges (i.e. standard ground freight) prepaid on all orders in excess of the minimum order amount. Delivery/Destination will consist of dock, street-level, and/or lift-gate delivery methods as determined by the ordering Customer.
 - **Grainger complies with the above subsection but also charges its customers for any freight fee that may apply beyond standard parcel ground freight for special delivery, oversized products or haz mat products. If applicable, the fee will show at time of purchase for the buyer's review.**
- **Subsection G. Bid Pricing**
The quantities indicated in the Market Basket Price Sheet are solely for the purpose of comparing bids and do not reflect the County's anticipated need for the contract term. The exact items and quantities needed by the County are unknown. The County is not obligated to order the items or quantities listed in the Market Basket Price Sheet (Appendix A).

Grainger Attachment 5.5(a)

The pricing bid must reflect the proposed discount(s) in each category. Pricing bid in the Market Basket Price Sheet must reflect Net 45 payment terms, including applicable F.O.B. Delivered/Destination shipping and handling charges. Bidders should offer the unit of measure closest to the bid specification with minimums being the quantity bid. Pricing must be held firm for a period of one (1) year. Catalog discount pricing (contract pricing) shall be based on either a discount percentage from Supplier's List Pricing or a percentage mark-up over manufacturer's cost. Percentage discount(s) shall not decrease and percentage mark-ups over manufacturer's cost shall not increase during the contract term. Bidders have the option to provide high-volume spot buy pricing. Bidders who offer high volume pricing should specify this discount option in the column specified or "Notes" column on the Market Basket Price Sheet.

- **Second paragraph:** We believe that Grainger's offer complies with the discount terms described above in the second paragraph of subsection G. We believe that the County intends to require bidders to submit firm discounts and that catalog prices (non-market basket prices) are allowed to fluctuate. *If this understanding is incorrect, please contact me immediately.* For additional clarity purposes, please note that Grainger is offering the same type of discount framework pricing as it offered under the previous award.
- **Second paragraph:** Special delivery/handling fees cannot be included in the market basket prices.
